ABOUT ICAS 2024

The 4th International Conference on Applied Sciences (ICAS 2024) will bring together researchers and practitioners from academia and industry to focus on the fields of Biotechnology and Chemical Engineering in Life Sciences advancements, and establish new collaborations in these areas. This two-day event, from 20 - 21 June, 2024, will be held in dynamic and creative Ho Chi Minh City, Vietnam and will be co-organized by Ton Duc Thang University (Vietnam) and Ajou University (South Korea); Chinese Culture University (Taiwan); National Taiwan University of Science and Technology (Taiwan); National Yang Ming Chiao Tung University (Taiwan).

ICAS 2024 invites prospective authors to submit innovative and unpublished full research papers for consideration. All submissions must be original work and must not have been previously published, submitted, or under consideration for publication in any other conferences or journals.

MAIN TOPICS

ICAS 2024 covers a range of topics:

- Biomedical Sciences
- Agricultural Biotechnology
- Food Sciences
- Aquaculture
- Inorganic Chemistry
- Organic Chemistry
- Theoretical and Computational Chemistry
- Material Sciences

Authors are encouraged to submit papers on these topics, as well as other related areas. Submissions will undergo a rigorous peer-review process by at least two experts and will be published in the Conference Book of Abstracts. Selected papers will be recommended for publication in IOP Conference Series: Earth and Environmental Science.
